

ABNN BOARD MENTEE PROGRAM

PURPOSE:

The American Board of Neuroscience Nursing (ABNN) is committed to the advancement of neuroscience nurses' practice and contributions to neurological health through certification of registered nurses. The ABNN Board of Trustees (BOT) realizes the importance of diversity and inclusion within ABNN leadership in order to ensure that all demographics are represented at the Board level. As part of this commitment, the ABNN BOT has developed a mentee position on their Board for a neuroscience staff nurse (stroke, neuro ICU, general neuroscience, or disease specific specialty) who will serve a one-year term on the ABNN BOT as a voting member. The goal of this program is to help develop and support future ABNN leaders by giving the mentee exposure to the Board as well as gain valuable insight from the mentee related to the organization's initiatives.

MENTEE ELIGIBILITY CRITERIA:

Mentee applicants should have an interest in furthering their neuroscience career and meet the criteria below:

- CNRN or SCRN Certificant*
- A staff nurse
- Be cognizant of ABNN's mission, vision and values
- Willingness to commit time and energy to ABNN activities
- Willingness to positively represent ABNN and its mission, products and services
- Demonstrate effectiveness in leadership skills
- Daily access to e-mail

****Please Note:** For accreditation purposes, mentees who do not hold both CNRN and SCRN certification may not sit for the other examination while completing their mentee term and for 2 years after the term has ended. Mentees may also not be involved in any preparation material for either of the examinations for their term and for 2 years after the term has ended.*

MENTEE RESPONSIBILITIES:

The Mentee will partner with an ABNN BOT buddy and staff members to work on initiatives consistent with the strategic priorities of ABNN. A sample initiative would include collaboration (alongside an ABNN BOT member) with certificants to evaluate how certification can be better leveraged and grow in order to increase the value of membership and certification for future neuroscience nurses. In addition, the mentee will be involved in a variety of committees alongside the BOT liaisons that may include: Test development committee, diversity and inclusion, nominations, and AANN/AMWF. The BOT buddy will work with the mentee to identify mentee interests and opportunities in leadership throughout the year to appreciate the rewards of serving in a leadership position in a national organization. At the completion of this program, the Mentee will complete a reflection and evaluation form of their mentorship experience on the ABNN BOT as well as present at the AANN Annual Meeting about their experience as a mentee. All Board discussions must be kept confidential.

Mentees can expect to gain enhanced leadership skills and professional development, increased self-confidence, knowledge from experienced ABNN leaders, and a strengthened network from acquiring the skills and guidance needed to excel in the neuroscience profession.

ABNN BOARD RESPONSIBILITIES:

The ABNN BOT will assume the role of a leadership mentor through the Tri-Board Mentorship Program. BOT members are expected to develop and support the mentee in this position by building a relationship with the mentee, providing open communication, being available by phone/email, and maintaining confidentiality. ABNN will be financially responsible for the mentee BOT member including expenses for attending board meetings (travel, hotel, and food per diem) and AANN annual meeting conference registration.

ESTIMATED TIME COMMITMENT:

The mentee must receive approval from their employer and/or supervisor regarding time commitment as described below prior to applying for the position.

- Board Meetings (include weekdays and weekends): approximately 3 board meetings held via conference call per year and 3 face-to-face meetings annually. In preparation for each meeting (face-to-face or conference call) members are expected to review all materials.
- Travel: approximately 10 days per year including annual educational meeting and face-to-face board meetings 3 times per year.
